

How far would you go to help someone learn to help themselves? How long would you wait before you gave up? Or would you never give up? Would you keep trying and trying until something finally worked? Would anything deter you from reaching that goal? Could anything be more important – when done in the name of Love? Another Hot Night is the continuing story of a girl named Love and Alex, her soul mate, her Daddy and the only person in her life who never gave up on her. In an effort to avoid another heat wave night, Alex and Love go on another all-night out-n-about adventure. But this time, Alex isn't just looking for relief from the heat. He's also looking to find a way to enable Love to let go of the past while embracing the future. And yes, on this night, Another Hot Night – temperatures will soar, breath will be lost, canals will tighten, hearts will pound, spines will quiver and Love will find a voice she never knew she had. With a specific course laid out, Alex and Love race against time and against fear, knowing what would be won if all was lost and knowing what would be lost forever if dawn light came to soon. Another Hot Night is a tale of the human spirit, of sexual extremes pushed to a fevered pitch and of the courage necessary to never give up.
