

In the our first story our curious and precarious young female protagonist recounts in lusciously graphic detail those unknown deeds that men and women are want to practice when their passions are high. From the gentlemen callers that visit her mother when he father is working the railroad, to the lascivious old men at the old folks home who like nothing better than being titillated by a lithe and young wantonness, she reveals all in unabashed glory. But will she let her friends Lizzie and Julia have all the action? Our second story finds four female friends in a boarding in Catskills. As the night draws in, the fires lit and the drinks poured, each share the manner in which they lost their maidenheads. Including group menages, lesbian tribadism and gamahuching, and all manner of deed and device in between, their confessions whip each-other up into such on orgiastic frenzy than it is not long before they are falling upon and devouring each-other with the widest of abandons. Our third tale recounts the voyeuristic pleasures one Ms Bircham, governess of a school for young gentlemen, experiences as she witnesses the most libidinous coupling between Master Harry Staunton and Miss Julia Wynne. Frenzied with lust, and with a passion for the chastisement, Ms Bircham interrupts our young lovers with a swift spank, before joining them in the heights of their lust. With no aperture spared, our trio will rut until they are well and truly spent. This rare collection of anonymously written Victorian erotica, originally published in 1904, 1897, and 1900 respectively, will be sure to pique the interest of those a fan of the genre. Very naughty indeed.
